Date: 03/08/22

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2022 LEGISLATIVE SESSION

Analysis

The bill amends the qualification criteria of an Alaska Performance Scholarship (APS) applicant by adding an option for career and technical education (CTE) to the academic curriculum, inserts a definition for career cluster, removes the minimum score on college entrance or standardized examination requirement, adds a requirement for school districts to notify students in their junior year of their progress towards earning APS eligibility, increases the annual award amounts, and provides an additional two years for students to use the scholarship after high school graduation.

To implement the changes outlined in the bill, the Alaska Commission on Postsecondary Education (ACPE) requires additional one-time funding as follows:

\$31.2 for personnel costs to implement the changes

Total Personal Services \$31.2 UGF

\$6.0 for legal costs to promulgate regulations

\$4.4 in contractual costs to update the Alaska Student Aid Portal

Total Contractual \$10.4 UGF
\$41.2 UGF

The legislation could result in a number of new students eligible for the scholarship; however, it is not anticipated that the change in award amounts would be sufficient to impact the amount identified under the seven percent calculation for the Higher Education Investment Fund to fund APS awards.
